Worse Than Onions.

Bad Breath from Indigestion Cannot be
Overcome with Perfumes.

All of us suffer from bad breath—
sometimes our own, but oftener that of
our friends.

Nine tenths of this bad breath comes
from some stomach trouble, and cannot
be overcome by breath perfumes or any
other palliative measures.

If you occasionally have a bad breath;
if there is heart-burn, flatulence and acid
goutings of undigested food; if the
stomach burns or smart; if there is
sleeplessness, nervousness, headaches or
any other of the many symptoms of indig-
estion, use Mi-o-na stomach tablets and
get well.

Mi-o-na is not a mere digestive nor a
physic, but a tonic remedy that strength-
ens the muscles of the stomach and bow-
els, so that the flow of gastric juices is
increased, and the food is digested natu-
rally and does not stay in the stomach
to ferment and poison by the breath.

Frank Kimball, proprietor of the
Noyes Drug Store, has seen so many
cures made by Mi-o-na stomach tablets
that he gives a guarantee with every
50-cent box that the money will be re-
funded if the remedy fails to give satis-
faction. He takes the whole risk, and a
box of Mi-o-na will not cost you a penny
until it cures you. 50-51

A Surprise Party.
A party of young people gave Mr. and Mrs. Will Yates a surprise in the form of an old-fashioned sardine. Monday night of this week, Mr. Yates was married some two months ago and over looked the customary treat on such occasions it is presumed, hence the musical performance on a miscellaneous collection of tinware.

Read Hills the Jeweler's ad on page 5. Sylvester Cole was in Portland on business one day last week.

Maud Cunningham has resumed her duties as teacher in district No. 5.

The Greenwood Dramatic club played "Tony, the Coalier" at home Wednesday, Dec. 4th, to a crowded house. This is the second time it has been played here and a much better attendance witnessed the latter performance.

The whist party given at the hall under the auspices of the Greenwood Athletic club, was a great success. Guests for eight tables were entertained. First prizes went to Floyd and Cora Morgan, while the booby prizes were carried off by Mrs. F. H. Maxfield and Oscar Peabody.

F. L. Willis has installed at his mill another big boiler. He expects with the extra power to saw the million feet of lumber for the Paris Mfg. Co., much sooner than usual. It is usually some time in June before his contract is finished but he expects to finish the job this year in April.

Swan, piano; Mrs. F. J. Cole, cello and Bert Towne, cornet. This is probably about as near to a ladies' orchestra as Oxford county can boast, with a majority of the players of the feminine gender. All those present at the ball report a fine time.

Thirty-one people sat down to a good old-fashioned Thanksgiving dinner at Sylvester Cole's. These included Mr. and Mrs. Sylvester Cole and their children and grandchildren, Mr. and Mrs. J. Cole and four children; Mr. and Mrs. Chas. Swan and four children; Mr. and Mrs. Stillman Cole and two children; Mr. and Mrs. F. H. HARRISON.

Injured by a Fall. James Thomas recently fell while engaged in feeding his horses, and struck on his arm in such a way as to break a ligament in his right shoulder. He has since been confined to the house, most of the time as the doctor pronounced the injured arm as a broken bone. He is engaged in extensive lumbering operations, as he usually is in the winter, and has a crew in the woods in South Harrison, of which he has personal charge. His injury heals very slowly, and he is able to give but little attention to his business just at present.

Read Hills the Jeweler's ad on page 5. Benson M. Davis has been quite feeble for several weeks, and is thought to be slowly failing. He is one of our oldest citizens, being eighty-three.

Mrs. C. C. Doughty has been in poor health during most of the summer, but is somewhat better at present, and is making a lengthy visit in Oakland.

We are having remarkably mild and pleasant weather for the season, and the few inches of snow that came Nov. 25th is fast disappearing, the roads being about all bare.

The schools all began on the 2nd inst., and will continue for at least ten weeks. All are under the charge of the teachers of the previous terms, except the Village Grammar, which is under the care of Miss Nellie S. Nutting, of Bates College.

Harrison Village has had but one blacksmith shop since the fire of last May, and he has more work than he can do, especially in the sharpening season. Prices for shoeing horses have been advanced fifty per cent within a few weeks.

E. D. Gray has nearly finished the buildings which are being erected on the shore of Long Lake in South Harrison for the use of the new Boys School, which is to be established there next summer by Dr. P. S. Page of Andover, Mass. This school is to be called Camp Sokokis, and is to be on land bought of Gray.

Minta Trafton, daughter of F. M. Trafton, has been quite sick with diphtheria at her home in South Harrison, but is now improving. This is one of the four or five cases which have developed at Bridgton Academy during the present term. Rigid sanitary measures will be adopted at the school before the commencement of the next term.

J. H. Randall's new buildings in South Harrison are still incomplete, and Mr. Randall's family will probably continue to occupy their present residence until early in the spring. The building of these buildings has proved to be more of a job than was anticipated, but the work is being pushed forward by the carpenters and painters as fast as possible.

Lakeside Officers will hold its annual election of officers at its regular meeting on the evening of the 14th inst. The grange has been holding some interesting meetings of late, and have discussed educational, agricultural, and literary topics. The last question discussed was: "What shall we read during the coming year, and how can we best procure it?"

The hunting season did not prove very destructive to the deer here-about, the new law in regard to shooting does being a serious restriction. A large posse of hunters from Harrison and Naples followed one buck for more than two days, chasing him across Long Lake several times, and firing at him times enough to have brought down a whole drove. When the season closed the prize had not been secured.

The Maine Telephone Co., which has purchased the Bolster's Mills Co.'s property, is now engaged in stringing wire for new instruments on a line reaching from E. D. Gray's to Camp Wildflower, and will at once begin the erection of a new line on the River road to extend down as far as Hermon Thompson's, and possibly farther. This company has contracted to put in over forty new instruments on the Bolster's Mills line in Harrison, Watford, and Otisfield, and will do the work as soon as possible.

The new Odd Fellows' Block at the Village approaches completion. Work on the stores is being pushed as fast as possible, a night crew having been at work for a short time. Southworth, the clothier, and Allen, the shoe man, are already located in their new stores, and Kneeland, the grocer, expects to move this week. The Odd Fellows and Rebekahs have held their meetings in Grange Hall since the fire. They have found this ample, but have the disadvantage of being in a hall not fitted up for their particular kind of work. Their elegant new hall will be ready for occupancy soon after new year's.

NORWAY AND VICINITY.
Templeton's Town Topics.
The telephone and electric light poles of the village are very much in need of painting. They look decidedly bad. Some thought that there was an agreement with the companies that they be kept painted but I understand that this is not the case. Some still think and very reasonably, too, that the companies could paint them without the contract to do so, for their own as well as for the benefit of the village in general.
Perhaps these people think wrong about it, however, and perhaps too, that if they think right about it, the companies may think they are wrong, and in that case what are we to do? We want the poles painted. They need to be painted. Mr. Reader, what do you think about it? We would like your idea in the matter.

Skating Accident.
It was reported at the village about 5:30 o'clock Saturday afternoon that several of the skaters at the lake had gone through the ice and some were drowned. Quite a number started at once for the lake, including the Cummings brothers, with a team and ropes and poles.
The fact was that Rollin Dismore had skated into an open place near Frost Corner and had some difficulty in getting out.
He was given a knife by some of the skaters with which he held on to the ice until assisted out by them. He was well chilled and taken at once to Charles Freeman's where he changed his clothes. His father, Horace Dismore, was telephoned for and he came and took him home.

Business Meeting and Social.
Friday evening the Y. P. C. U. of the Universalist church held an interesting and enjoyable business meeting and social at the hotel. Several new members were received and plans for building up and increasing the interest in the union union discussed. The attendance was large and the social that followed was well enjoyed. A Happy Day.
Mr. and Mrs. Freeland Howe had some beautiful presents as souvenirs of the fiftieth anniversary of their marriage. George Howe gave his mother a brooch with a royal amethyst in the center, encircled by twelve pearls taken from the Maine streams by Mr. Howe. The amethyst was found in Maine and was cut by Maine lapidaries; and the brooch was manufactured by a Portland firm out of Maine gold. It is exclusively a Maine product. A gold mounted umbrella was Mr. Howe's gift to his father.
Mr. and Mrs. Freeland Howe, Jr., gave Mrs. Howe a Stenograph aqua marine pendant, mounted with a Maine baroque pink pearl, attached to a neck chain, and Mr. Howe was remembered with a solid gold cigar clipper, set with a diamond, ruby and emerald.
Mrs. Howe's gift to Mr. Howe was native Maine gold; Mr. Howe's to Mrs. Howe, \$50 in gold and flowers. Judge and Mrs. A. E. Morrison gave Mrs. Howe a gold mounted umbrella, and cuff buttons of Pleasant Mountain cairngorms were their gift to Mr. Howe. A hand-made jewel basket was the gift of Harriet Abbott.
Mr. and Mrs. Howe were visited in the afternoon by the members of the Barton Reading Club, who presented them with a cut glass vase containing a large yellow chrysanthemum, one for each year Mrs. Howe has been president of this literary and social organization. Mrs. Holt made the presentation speech in verse, which we quote as follows:
We wish you years of health,
Of happiness and pleasure,
We wish you much of worldly wealth,
But more heavenly treasure.
We bring this little gift to you
In memory of that wedding
When one heart was pledged to you
Since proved life's greatest blessing.
Let every golden flower attest
The love we bear our dearest.
To all our minds our very best—
We'll never cease to need her.
Among those from whom congratulatory letters were received were Hon. S. W. Carr, State Insurance Commissioner; Hon. A. E. Denison, esq., of Boston; John B. Watkins, New York City; Geo. B. Beane, Lewiston; W. B. Clark, Hartford, Conn.; Hon. Geo. D. Baber, Hon. Waldo Pettengill, Rumford Falls; F. E. Voter, Farmington; James W. Fitzpatrick, Ottawa, Canada; Mr. and Mrs. A. B. Verrill, Auburn; Mrs. Iza T. Sanborn, Bangor; Browning Reading Club, Norway; Mr. and Mrs. F. A. Danforth, Southern Pines, N. C.; Mr. and Mrs. C. H. Leighton, Cornish; Mr. and Mrs. L. E. Robinson, East Sumner.
Mrs. Howe received her guests in her pleasant and gracious manner. She looked lovely dressed in white. Her daughters, Mrs. A. E. Morrison and Mrs. Freeland Howe, Jr., assisted her. They were pink. Everything about their roomy residence had an air of brightness and rejoicing. Many Norway friends and admirers of the affection and evening. This day, Dec. 5, is an honored day in Mr. Howe's life. He was born that day, married that day, became a Master Mason that day, and best of all had a golden wedding that day. Norway people wish for them a diamond wedding on that day.
The following poem was written in honor of Mr. and Mrs. Howe's golden wedding by Mrs. Persis F. E. Albee of Winchester, N. H.:
"A Golden Wedding for you today,
To a golden gift I'm forced to say,
Unless a golden thought may offer
To store in your heart and mind's rich offer.
My love for you both has known no measure,
Through hours of toil and through hours of pleasure,
My heart has clung to the friends of the past,
Whom I cherish still I love to the last.
The richness of life counts not what we do
In battles well fought, in victories won,
Over self and sin, whose enticing charm
Admits to defeat and excites to alarm.
The fullness of life—God's bestowal to you—
Is such as is granted to very few.
The richness of life counts not what we do
Has reached in joy, with no trace of strife.
The faith chain remains unbroken!
A thing so rare, it must be taken
The Father's approval of wedded life
Where harmony dwells untroubled by strife.
God bless you all, on occasion so rare!
And continue your lives a united pair
Till all the "Golden Bells" be broken last
And your lot with Christ's red emerald is cast!"

The Lewiston Journal
In making up his reading matter for the year the citizen of Maine will not omit the Lewiston Weekly Journal from his list. The Journal's ample columns enable it to present such a variety of matter as to keep the reader fully posted in every interest pertaining to Maine as well as a resume of all the interesting events of the week throughout the world. The wonderful service of the Associated Press and the liberal use of the telephone and telegraph in the Journal is at once a news, political, business, miscellaneous and family paper.

Since we established the feature of presenting the agricultural section as a separate sheet, with attention given to grange matters, this feature has proved a great attraction. It is a significant fact that Prof. Bateman, who conducts this department, was made the official reporter of the National Grange at its recent session and received an invitation to become its permanent official reporter.

A series of valuable copyrighted agricultural articles furnished by the most eminent writers in the country have appeared during the year and other equally valuable features are in store for next year.

The price of the weekly is \$2 a year, with a premium to such as pay fully in advance.

The Evening Journal is making rapid strides. Its special news service, well illustrated, are of especial value. Our organization of New England and of Maine in particular for news purposes, is unequalled and within corresponding territory. Our expenditure is large and is intended to be wise. Testimony from all parts of New England pour in upon us in appreciation of the service which the Lewiston Evening Journal is rendering to the grange and its members.

ment and all the causes which concern the progress of society.

The price of the daily is six dollars a year by mail, or fifty cents a month.

The Saturday Journal at points reached by the afternoon and evening train becomes more popular year by year. The terms are but \$1.50 a year.

Orders addressed, Journal, Lewiston, Me., will receive prompt attention.

An Investigation Asked.
To the Editor of the OXFORD COUNTY ADVERTISER:
Will you kindly give this as prominent a place in your columns as you did the case of "Crucity to Animals."
I wish that any or every one that reads of that case would go to the premises and see the actual condition of things there, and compare it with the statement of the "Honorable Officer of the Law" made at that hearing; then come to my stable and see the shoats, and decide in their own minds whether it was a case of justice or robbery. A. K. JACKSON, South Paris, Me.

We understand the pigs or shoats in question were kept on the Winslow place or farm. This was not so stated in last week's item.—[Editor.]

Hattie Jacobs is caring for her little grandson this week as her daughter, Mrs. Freeland Farnum, is preparing to move.

There are about twenty-five wood-choppers working on the Jacobs lot, bought by Reuben Arnsault. We hear the axes ringing by daybreak. They intend to clear the lot this winter.

ANDOVER.
Home for the Feeble-Minded.
The movement in Andover that is being pushed to obtain the Home for the Feeble Minded for that town is one that should interest the whole county in its behalf.

That town has many features that make it a desirable location for an institution of the kind. It is not only one of the most healthy spots in Maine, but the character of the people guarantee the proper moral influence that it is necessary to surround the inmates of such an asylum with.

It is not enough that the unfortunate who are to be inmates of the institution have a place to eat and sleep but their lives should be free from the allurements and excitement of a city; and whatever freedom the various individuals may be given ought to be amidst natural environments that would not encourage or foster weakness or viciousness.

Andover, by reason of its distance from large cities and because of the high character of its population, possesses these qualifications; and they should be made a leading feature in the campaign for the acquirement of the institution for the town.

The country would be greatly benefited by the establishment of such an institution in its limits, and the movement should command the active support of the leading men of the county.

There are several places in Andover, any one of which would make an ideal site for such an institution. The best of these would be made an object to the state.

Chesley-Monk.
A quiet home wedding took place on Wednesday evening, Nov. 27th, at Lynr, Mass., when Anna C. Monk became the wife of Harry P. Chesley, a prominent local shoe worker, the ceremony being performed by Rev. Lewis Malvern, pastor of the High Street Free Baptist church. The bride's daughter, Eva Monk, was married to Fred Cundey on Sunday, Nov. 17, by Rev. Mr. Malvern, and the Cundey-Monk nuptials created a mild sensation at the time inasmuch that Mrs. Monk had first announced her engagement, and their friends expected to see the mother married first. Plans were made to have the ceremony performed at Auburn, where the younger couple spent their honeymoon, but owing to a slight illness on the part of Mrs. Monk, it was decided to have the wedding take place in Lynr.

Rheumatism Cannot Be Cured Unless Uric-O Is Used
Sudden Deaths, Heart Failure and Paralysis are Caused by Poisonous Uric and Rheumatic Acids

The Rheumatic person is skeptical regarding the claims of almost any remedy advertised as a cure for Rheumatism and one can scarcely imagine combined never actually cured a case of Rheumatism. They may relieve it in some cases, but it is sure to break out again. The only true way to cure Rheumatism is to drive it from the system, for as soon as it enters the blood, it remains in the blood, one never entirely free from the as a permanent cure for Rheumatism comes in. It seeks out the Rheumatic poison in the blood, muscles and kidneys, renders it inert. That is what Uric-O is such an admirable and effective cure for Rheumatism.

The chief reason that Uric-O is such a cure for Rheumatism is, that it is designed and prepared to cure Rheumatism and Rheumatism only. It is composed of perfect antidotes for the rheumatic acid poison in the system. That is the secret of its wonder in a person's system if Uric-O is used.

Uric-O is sold by druggists at 75c and \$1.00 the bottle, but if you still feel skeptical about its efficacy you can test it free of charge by sending out this advertisement and sending the name of your druggist, to the Smith Bros. Co., 211 Smith Bldg., Syracuse, N. Y., and they will send you a bottle of Uric-O. To persons who write and say they have never used Uric-O, and want to test it thoroughly, we will agree to take it systematically according to directions, they frequently give a regular cure for Rheumatism.

Uric-O is sold and personally recommended in Norway by Noyes Drug Store.

The Sanctum Visitor.
One day last week, while sad and dreary, weak and weary, across the unswept floor we heard at first a gentle tapping, then it became an earnest rapping, tapping at our sanctum door. "Come in!" we said, and we were pestered, even in silence wondered what for us could be in store; then the doorbell softly turning, in he walked; our cheek was burning, thought of crimson gore. "Are you there?" he asked, "do the writing?" (what will rhyme with this but lightning?) quickly thought we, "Oh, yes, we are," we gently told him, nodding to the boys to hold him if he tried to beat us sore. Then you will please give credit to a fifty more. I like your paper and will take it as long as you strive to make it as good as it has been before. We jumped! He dodged, thus missed him or we surely would have kissed him even if the boys did roar; so seldom treated in this manner we felt inclined to shout hozaan—only this and nothing more. Aroostook Times.

Frank Kimball Confirms Guarantee of Hyomel, Cure for Catarrh.
The question having been raised as to whether or no Frank Kimball, proprietor of the Noyes Drug Store, will return the money if a Hyomel outfit does not do all that is claimed for it in curing catarrh, he wants to state positively that this guarantee is an absolute fact. A guarantee like this is the curing power of Hyomel in all catarrhal troubles. You do not risk a cent in testing its healing virtues, Frank Kimball takes all the risk.

If you have catarrh, try this wonderful, fast medicated cure of Hyomel. It does not drug or damage the stomach, but is breathed through a neat pocket inhaler, that comes with every outfit, so that catarrhal germs may be healed, and quickly destroys them, heals and soothes the irritated mucous membrane and vitalizes the tissues so that catarrh is longer possible. You can lose nothing by giving Hyomel a trial, nothing but the catarrh and that is good ridance. The price of the complete outfit is but \$1.00; nothing if it fails to cure. Get an outfit from Frank Kimball today and begin its use at once.

The unwritten law is getting to be so popular that we may soon be able to away with all written law.

BYRANT'S FOND.
 Prominent Family Removes.
 By the removal of the Ford family from this place the community feels a loss of some of its most esteemed and valuable members.
 The Fords are somewhat extensively connected in this vicinity, and are people of importance. Mrs. Estelle Ford, daughter of the late Alden Chase and sister of A. Mont Chase, has long been active in church work and has always been a staunch Orthodox member of the Baptist sect. Ethel Ford has likewise been actively identified with church interests, and has attended numerous conferences all over the State. She has always served as a model of fidelity and energy in this work and is highly esteemed by all, as is Mrs. Ford, for her constant works of Christian charity and unselfish sacrifice in caring for the sick and giving to the poor.
 Miss Ford, besides being a devoted church worker, enjoys the reputation of possessing rare artistic gifts. She has done numerous crayon portraits for our townspeople and her skill with the pencil is universally recognized.
 The Fords left town Tuesday morning, Dec. 3d, on the morning train, with a car of valuable goods which they are transporting to Yarmouth where they are to make their home. The Rev. Charles L. Snow of Connecticut has been assisting them to peregrinate. It is rumored that Miss Ford and Mr. Snow will shortly be joined in matrimonial bliss, and that they will make their home at Yarmouth with Mrs. Ford. Mr. Snow is to be congratulated on winning so devoted and talented a bride.

Young Farnum had been skating with a number of other boys on the ice on the lake failed to heed the advice. He and two others proceeded to the town landing where the ice is still thin. Just before reaching it, the Farnum boy broke in and disappeared in about 12 feet of water.

By good luck he managed to grasp the ice and sustain himself, but the other boys were unable to extricate him. He was rapidly growing numb and was about to let go and sink to the bottom when Edward Peverley, son of Dexter Peverley, the carriage-maker, came running to the rescue. Peverley had a hockey stick, and very courageously venturing out on the thin ice managed to get the stick under the boy's arm. Peverley with great exertion dragged him out onto the ice and thence onto the wharf.

The boy was almost unconscious when rescued, and could neither tell how the accident had happened nor how long he had been in the water. He was taken to Gerry Wing's house, and after vigorous treatment regained his strength. It is safe to say he will be shy of the lake for some time.

This makes the first of the expected casualties in this vicinity. Parents would do well to keep their children off the lake till the ice is frozen solid.

The Paragraph Pulpit.
 BY EDWIN A. RUMBALL.
 George Elliot supplies us with our text this week: "Day by day we are preparing ourselves for the great deeds and misdeeds of life." We say that it is a problem why some are born strong, pure minded and brave, and others come into the world weak, malicious and unprincipled. We create the problem by assuming that God creates each soul when the character of each boy and girl has been determined by its parents. It always is a problem to understand why God does things which he does not do! Punishment is not the wrath of any God, but simply "the stream of consequence flowing on unchecked." No church or belief, no God or Savior can prevent you reaping exactly what you sow. Not even ignorance will save you. It may seem cruel that we should suffer for things we do not know are wrong, but if the law of cause and effect was interrupted to meet the ignorant, there would be a premium on ignorance. If ignorance were bliss, how foolish to be wise!
 No, there are no exceptions; do good, think purely, speak kindly and there is a harvest of honor and respect for you, as well as the easy power of being ever ready to lend a hand to all who need you.
 Be malicious, think about yourself, have a scowl and an evil word for your neighbor and your harvest is as certain and you will reap it in this world. I need only to say that every mother hopes her babe and every happy child alive, may never be what you now are.

Q. W. Stevens, wife and Mrs. O. P. Stevens and little daughter spent Thanksgiving at Edwin Emery's, North Fryeburg, but were still more thankful when their son, O. P. Stevens, of South Windham very unexpectedly stepped in upon them in season for the chicken pie.

As a result of the milk supply controversy now going on, the Houlton Board of Health has decided to make two recommendations to the voters at the next town meeting. They will recommend that all milk vendors be licensed by the town, this license to be granted to the vendors who show a certificate from a capable veterinarian that their herds are kept in a clean and wholesome place and are free from tuberculosis germs. The second recommendation will be that meat inspectors shall be appointed who shall examine the carcasses of beef and hogs before they shall be permitted to be cut up for sale in the local markets. These seem like sensible recommendations.

HAPPY WOMEN.
 Wouldn't any woman be happy, after years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, To find relief and cure?
 No reason why any reader Should suffer in the face of evidence like this:

Mrs. Almira A. Jackson, of East Front St., Traverse City, Mich., says: "For twenty years I was doctoring for kidney and liver trouble, but without benefit. Just before I began using Doan's Kidney Pills I was almost paralyzed. I could hardly stand on my feet—

caused of the numbness and not have been more intense. My sleep was disturbed by visions of distorted figures. The kidney secretions were annoyingly irregular, and I was tortured with thirst and always bloated. I used seven boxes of Doan's Kidney Pills. The bloating subsided until I weighed 100 pounds less, could sleep like a child and was relieved of the pain and the irregularity of the kidney action. My circulation is good, and I feel better in every way."

A FREE TRIAL of this great kidney medicine which cured Mrs. Jackson will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists; price, 50 cents per box.

RESOLUTIONS OF RESPECT.
 WHEREAS, The Great Reaper has again entered our ranks and gathered to the Great Grange above our beloved Brother, Herbert C. Bacon, and
 Whereas, Brother Bacon has served Franklin Grange earnestly and efficiently ever since becoming a member, giving liberally of his time, energy and ability for the good of the order he loved, and, though comparatively young in years had completed a successful life of strict integrity and usefulness as teacher, steward and one of the pillars of the Grange since the breaking of his home two years ago by the loss of his father, with whom we all mourn, has stood by the loved Grange with a loving heart, and a true spirit of sacrifice, and
 Resolved, That we shall miss his presence and counsel among us, let us remember the lesson of the righteousness he lived in the ground, but when life seems faint, a richer and fuller existence begins in the life of the Grange, and
 Resolved, That in the death of Brother Bacon our Grange has suffered the loss of a faithful member, the community a good citizen and the family a kind and loving father.
 Resolved, That we extend our sincere sympathy to the mourning relatives and that our charter be draped for thirty days.
 Resolved, That the resolutions be preserved upon our records, a copy sent to the bereaved family, and a copy sent to the Oxford County Advertiser for publication.
